Películas que se encuentran en MongoDB

The screenshot displays the MongoDB Atlas web interface. The browser's address bar shows the URL: `cloud.mongodb.com/v2/65288e60556eb9192d5087cf#/metrics/replicaSet/652b7889e18ad735f43f16da/explorer/test/movies/find`. The interface includes a top navigation bar with the Atlas logo, the organization name 'Bryam's Org', and links for 'Access Manager' and 'Billing'. Below this is a secondary navigation bar with tabs for 'Project 0', 'Data Services', 'App Services', and 'Charts'. The left sidebar contains a navigation menu with sections: 'Overview', 'DEPLOYMENT', 'Database' (highlighted), 'SERVICES', 'SECURITY', and 'Goto'. The 'Database' section lists various databases, with 'test' and 'movies' expanded. The main content area shows the 'test.movies' collection. At the top, it displays statistics: 'STORAGE SIZE: 36KB', 'LOGICAL DATA SIZE: 260B', 'TOTAL DOCUMENTS: 3', and 'INDEXES TOTAL SIZE: 36KB'. Below these are tabs for 'Find', 'Indexes', 'Schema Anti-Patterns', 'Aggregation', and 'Search Indexes'. The 'Find' tab is active, showing a search interface with a 'Filter' input, a query field containing `{ field: 'value' }`, and buttons for 'Reset', 'Apply', and 'More Options'. The query results are displayed as '1-3 OF 3'. The first three results are shown as JSON documents:

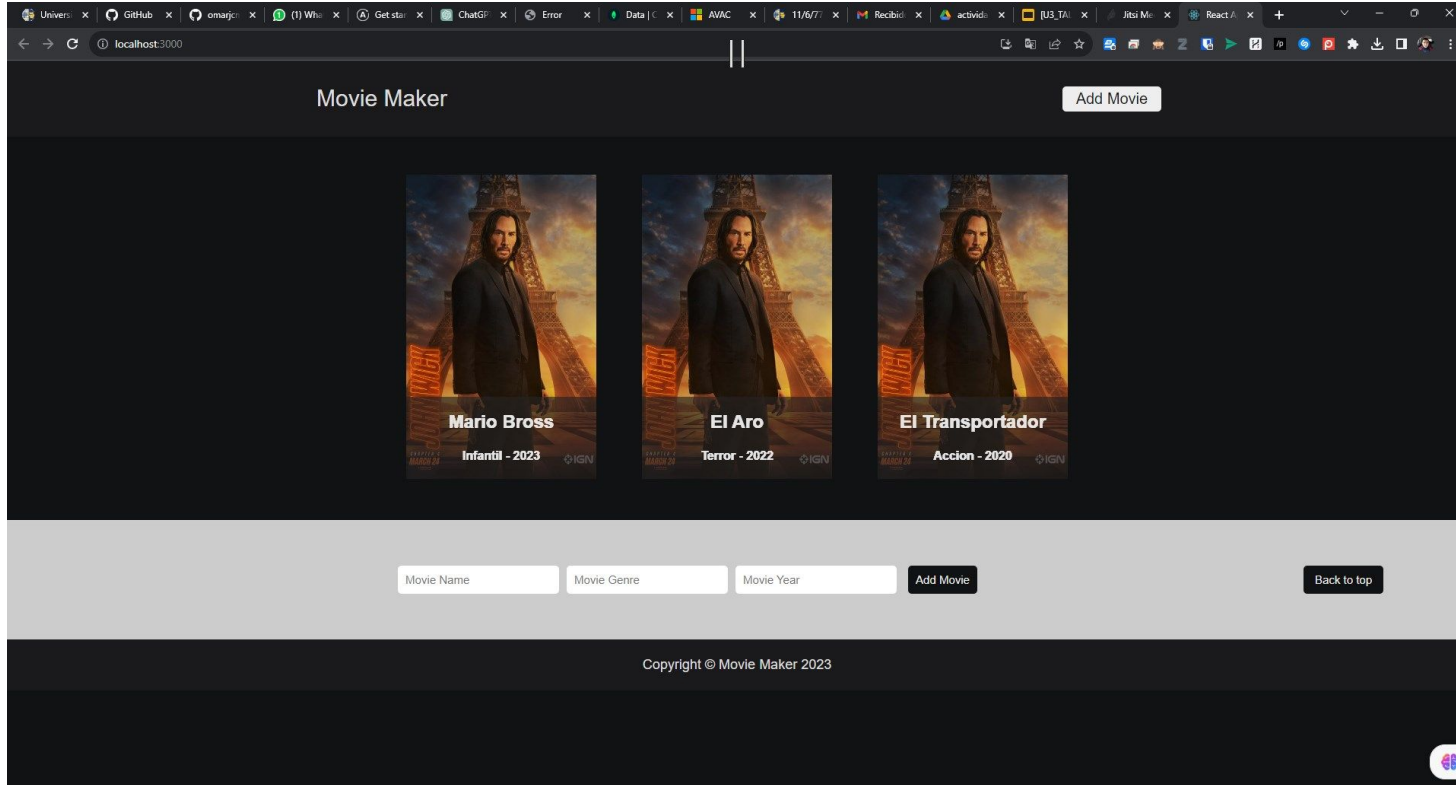

```
{
  "_id": ObjectId('652b0deaaecc6afe97b632a'),
  "name": "Mario Bros",
  "genre": "Infantil",
  "year": "2023",
  "__v": 0
}
```

```
{
  "_id": ObjectId('653b0e44aecc6afe97b632d'),
  "name": "El Aro",
  "genre": "Terror",
  "year": "2022",
  "__v": 0
}
```

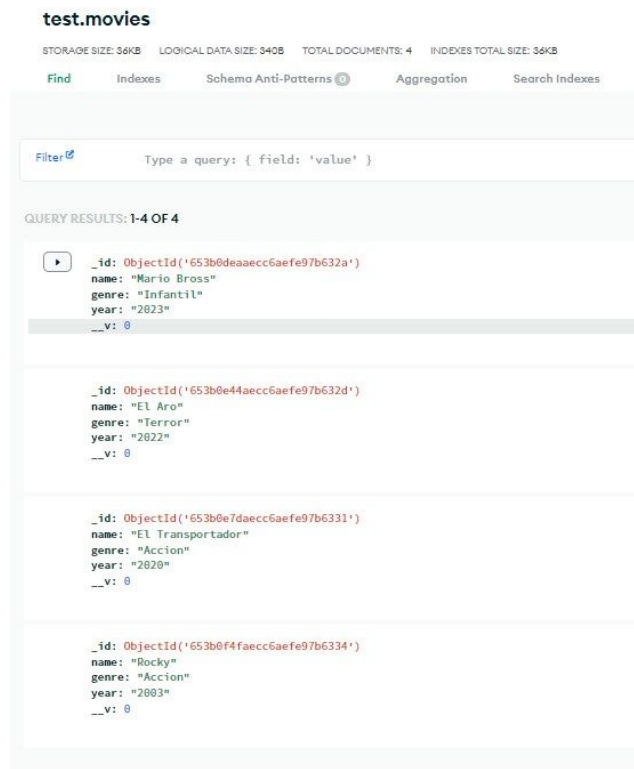

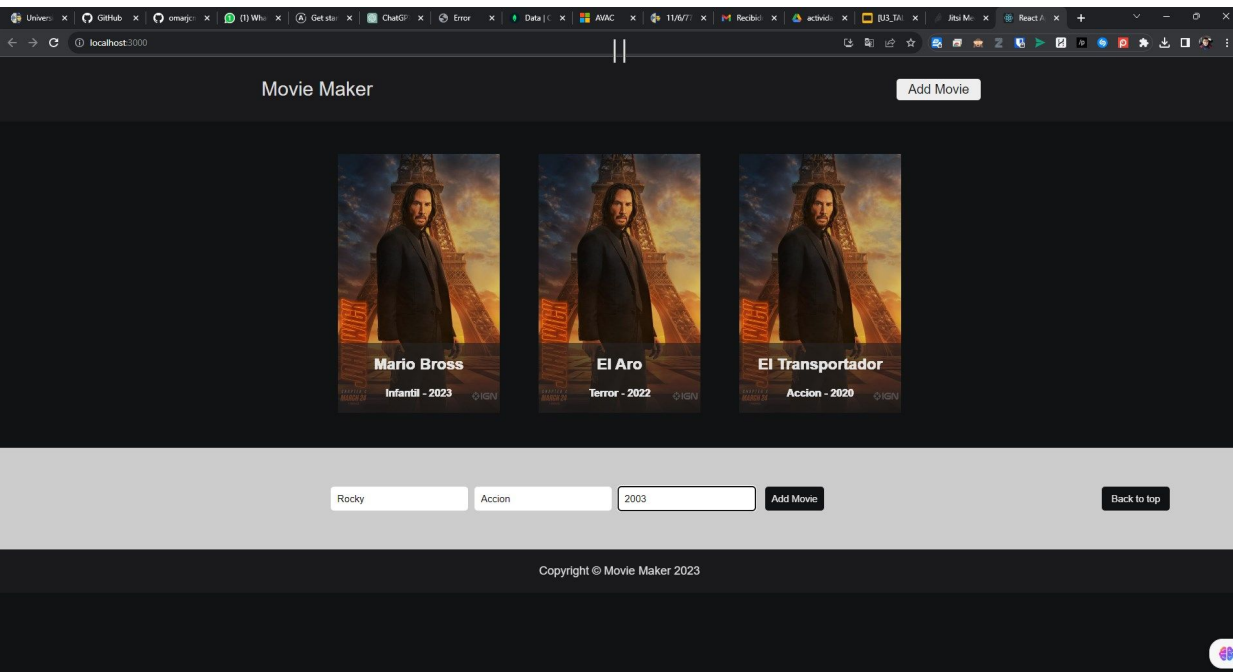

```
{
  "_id": ObjectId('653b0e7daecc6afe97b6331'),
  "name": "El Transportador",
  "genre": "Accion",
  "year": "2020",
  "__v": 0
}
```

At the bottom of the interface, the system status is 'All Good', and the footer contains copyright information: '©2023 MongoDB, Inc.' and links for 'Status', 'Terms', 'Privacy', 'Atlas Blog', and 'Contact Sales'.
